Designated Learning Institutions

To apply for a study permit on or after 1st June 2014, an international student will need to have a letter of acceptance from a **designated learning institution**.

Each province and territory in Canada is responsible for designating educational institutions at the post-secondary level that may enroll international students on or after 1st June 2014.

This list of designated learning institutions can be found on the below mentioned link.

<http://www.cic.gc.ca/english/study/study-institutions-list.asp>

If a study permit application is made on or after 1st June 2014 and the letter of acceptance is from an institution that is not designated for international students, the visa application will be refused.

Work Permit for Students

Q: What is the criteria for International Students to work while studying in Canada?

Work Permit for Students

Students are eligible to work part time on or off campus from day one.

Study permits will automatically authorize the holder to work on/off-campus for 24 hours per week during the academic session and full-time (There is no set number of hours per week that counts as 'full-time' work) during scheduled breaks without the need to apply for a separate work permit. The study permit holder should be pursuing an academic, vocational or professional training of six months or more that leads to a degree, diploma or certificate at a Designated Learning Institution.

Co-op & Internship Programmes : Many of the programs have inbuilt internships of one or two semesters which provide an opportunity for the student to get first hand exposure and experience in Industry relating to his or her area of study.

- Co-ops are for a semester or more and are mostly paid.
- Internships are for lesser time period i.e. 15 days to 30 days and may or may not be paid.

Post Study Work Visa

Q: What is Post Study Work Visa?

We Put Partners First!

- The Post Study Work Visa provides no restrictions on the type of employment and requirement of a job offer.

Post Study Work Visa

Requirement of Provincial Attestation Letter

To implement the cap, every study permit application submitted on or after 22nd January 2024, to IRCC will require a provincial attestation letter from a province or territory.

➤ Provincial Attestation Letter means a letter written and signed by a provincial or territorial government confirming that an applicant has a space within the provincial or territorial allocation for study permit applications, and must include the following information of the foreign national:

- Full name
- Date of Birth
- Address

If students are wanting to study in Quebec for longer than 6 months, they will also need an attestation of issuance of the Quebec Acceptance Certificate (CAQ) issued by the Government of Quebec.

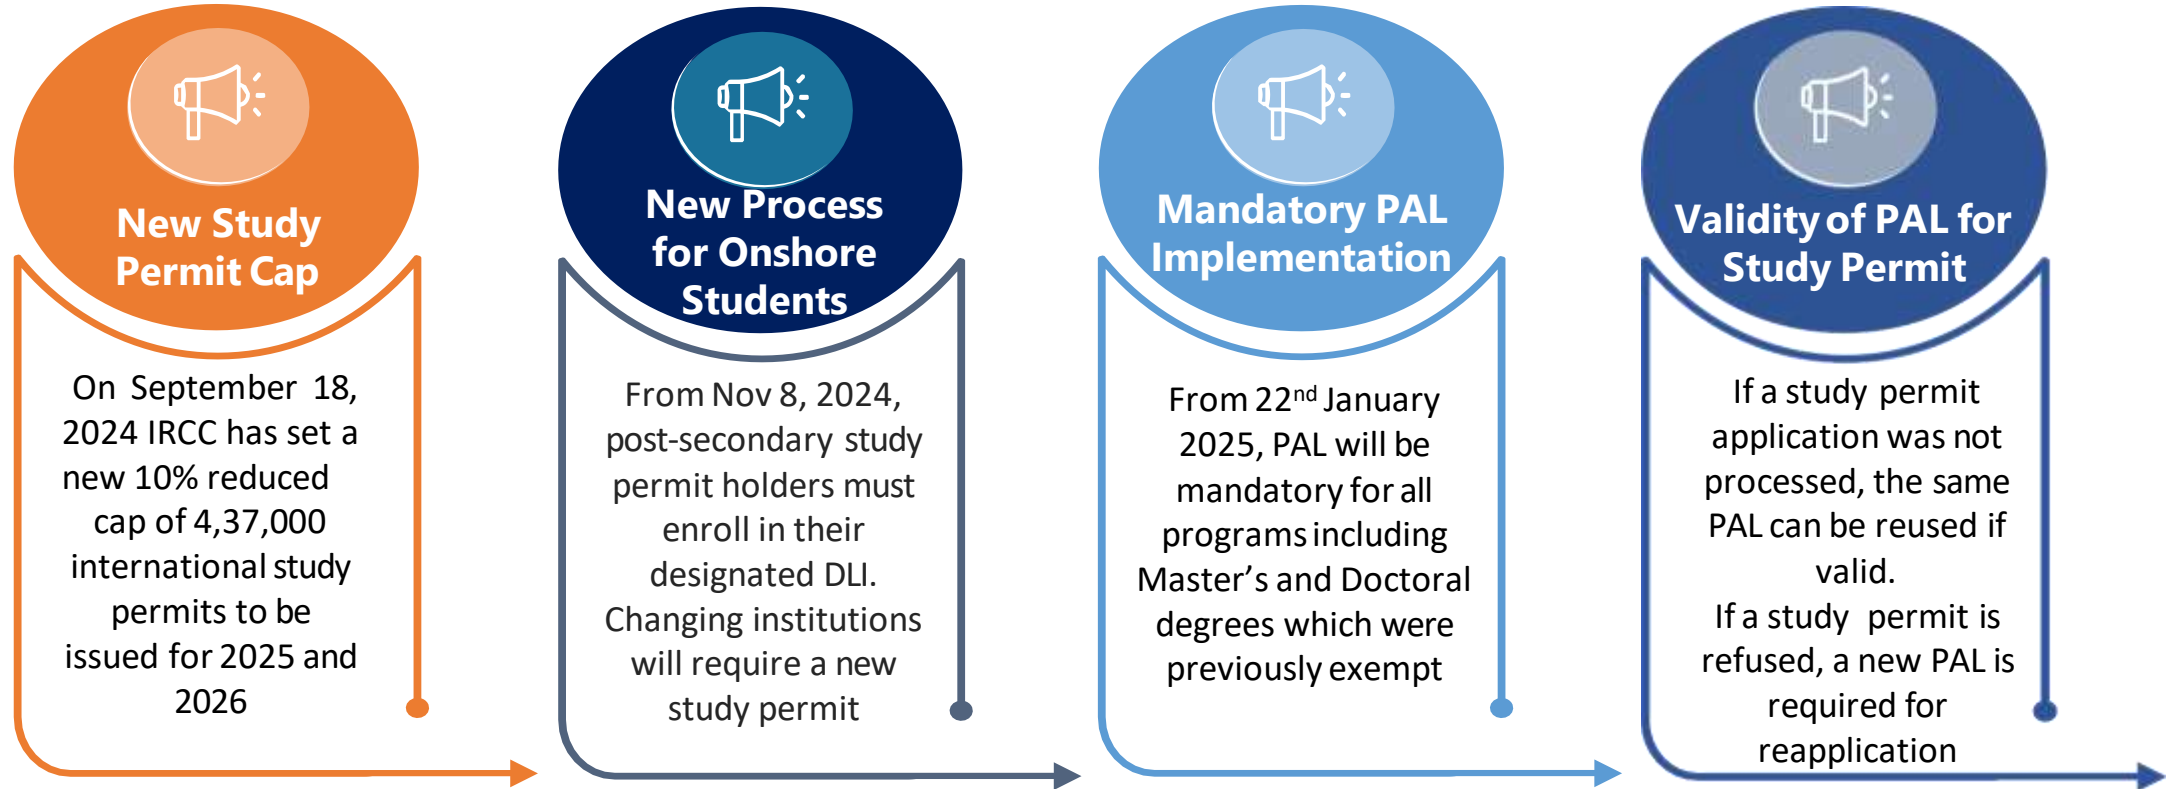

Requirement of Provincial Attestation Letter

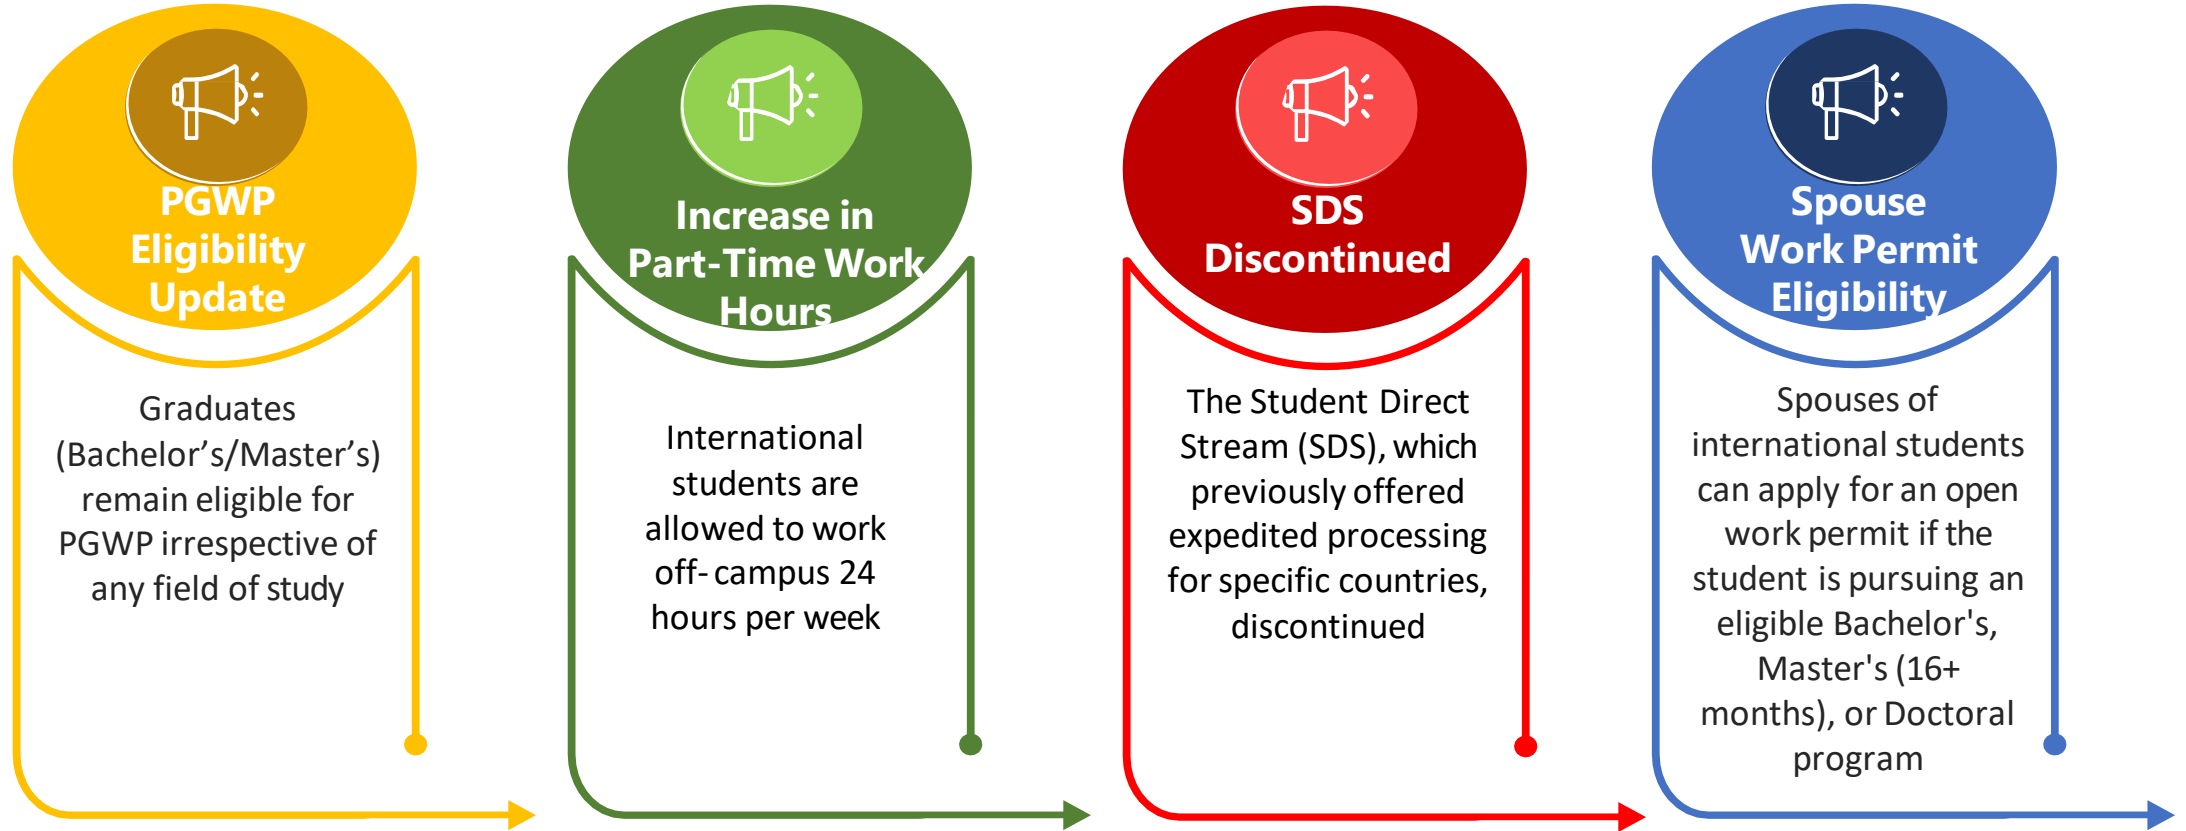

- Students pursuing a primary or secondary school are exempted from this requirement and can file their study visa without the attestation letter.
- Existing study permit holders applying for an extension at the same designated learning institution (DLI) and at the same level of study are exempt from the requirement of a Provincial Attestation Letter (PAL). However, they must provide a PAL exemption letter issued by their institution.
- Study permit processing will effectively be on hold and IRCC will be returning any new study permit applications of students received after 22nd January without the provincial attestation letter other than for the exceptions above.

Scholarships

- Scholarships in Canada are quite competitive as they are very limited in number as compared to scholarships offered by other countries like USA, UK or Australia.
- The eligibility for scholarships is judged on the basis of outstanding academic grades and exceptional English Proficiency scores.
- Scholarships are mostly offered by the universities without any separate application, based on the eligibility benchmarks but at some institutions the students need to apply specifically for the same.
- Scholarships are majorly offered at the entry level but for some scholarships the students are supposed to prove their excellence in academics in the subsequent years of education as well.

Points To Remember For Successful Offers And Visas

Do not apply for students who do not meet the IELTS criteria. Minimum 6.0 with no band less than 6.0 for UG and overall 6.5 with no band less than 6.0 for PG.

Do not apply for students who have several failed courses, large gaps of 5 or more years in studies (regardless of their work experience) and inconsistency in program choice with past studies. **Course choice must be relevant.**

Good academics of the students: We have seen **higher rate of visa approvals for students having 60% and above** throughout their academic qualifications.

Also, we have noticed that if a student has **low academics** as well as a **gap of 2-5 years** after completion of last studies, the case is weak, and visa may be refused

Do Universities or Colleges in Canada assist in Job Placements?

Most Institutions have :

- A Training and Placement Centre which helps the students in preparing their CV and for Interviews according to Canadian requirements.
- Many institutions conduct Job Fairs in which various local companies participate.
- It is quite likely that the students enrolled in a co-op program will get placed in their respective companies where they have done their co-op.

Sources of Finance

Q: What can be the sources of Funds to study in Canada?

Sources of Finance

- Self funded / Parents / Grand Parents.
- Fixed Deposits / Government Provident Fund / Public Provident Fund / Funds in Savings Account.
- Loans from approved banks. Repayment commences upto one year after graduation or 6 months after securing a job whichever is earlier. The period for repayment also varies and may be upto 15 years.

Submitting a Winning Application

- Completed Application Form
- Academic Records
- Standardized Examination Scores
- Work Experience details if any
- Application Fees if applicable
- SOP and Recommendation Letters required for universities only.

Counselling Tips

- Identify the suitability of the profile for Canada.
- Do not accept students below 50% for Colleges and below 65% for Masters in the University.
- Do not accept students with long gaps and multiple backlogs.
- Check English Language ability.
- Tell students about Co-op work opportunities.
- Inform the student about the benefits of studying in Canada as compared to other countries.
- **Most Important – Talk about PR Opportunity, Part time work, full time job opportunities.**
- Talk about the lesser investment and higher gains.

thank you!
